Jane,

Please hold on both declining Minister Galletti's invitation and informing the State Department of EPA's intent to participate in the Bonn meeting. The Administrator has not yet confirmed participation in this meeting.

Sarah A. Greenwalt

Subject: FW: Invitation to Administrator Pruitt

Sarah,

Minister Galletti is inviting the Administrator back to Bologna on November 15 for the opening of FICO, the food company that organized the side food waste event at the G7 meeting in June.

The Climate COP 23 is scheduled for Nov 6-17 in Bonn, and the High-Level Segment is the afternoon of Nov 15, and all day of Nov 16. High-Level segment is listed as the time for national statements. I assume the Administrator wants to attend the COP high level segment, so we should decline Minister Galletti's invitation, is this correct?

When I dropped for the NTOC briefing book this morning, I spoke briefly to Mandy who asked me to inform the State Department of EPA's intent to participate in the Bonn meeting. Mandy said she would cover the technical negotiations and I am checking with OAR if they intend to send anyone.

Jane

Dear Jane,
Minister Galletti asked me today to check if Administrator Pruitt could participate, as a follow up to the Disneyland event, to the inauguration of FICO, the food company that hosted our event on the 15th of November in Bologna.
Could you check it with his cabinet and let me know?
With many thanks in advance I send you my warmest regards Stefano

Stefano,

I wanted to get back to you regarding the Disney food waste event with Administrator Pruitt and Minister Galletti. The Administrator's Office has confirmed the date of Monday, October 16, for this event which will take place at Disney World in Orlando, Florida. We have developed a conceptual outline for the event which is attached for your information. We will send you more detailed information later as we continue our discussions with Disney. However if you have any questions, please do not hesitate to let me know.

We look forward to partnering with Italy on this exciting Disney food waste event.

Jane

Unfortunately the Minister has other national engagements that prevent him to participate to the UNGA this year, we are ready to work with you in the Orlando event and we hope we can find matching dates in Mr Pruitt agenda Let me know Warm regards Stefano

> Thank you for your email and information on Minister Galletti's dates for visiting Washington. We will check Administrator Pruitt's availability the week of October 13-15 since we had heard that Minister Galletti was coming for the UNGA meeting in mid-September.

>

> In terms of the Disney option, EPA has a Food Recovery Challenge that partners with organizations and businesses to prevent and reduce food waste. The participants include groups such as grocers, educational institutions, sports and entertainment venues, restaurants, and hotels. The Disneyland Resort in Los Angeles, California, was recognized by EPA with the 2014 Food Recovery Challenge award for its zero waste efforts, and the highest percent increase in food recovery of any theme park in the nation.
